Ask Questions using the Raise Hand Feature

- If a speaker has time at the end of their session (or if you are in a live Q&A session), you can use the "Raise Hand feature" built into Zoom to ask your question live, This will only work if you have a microphone plugged in (either one built into your computer/camera or having headphones with a microphone plugged in).
- 2. Simple click "Participants" from the bottom of toolbar of the stream and then click "Raise Hand" located at the bottom left of the Participants window that just displayed. If you don't see the "Participants" button, click the "More" button and then "Participants".
- 3. When the speaker wants you to ask your question, they will send you a notification to unmute yourself.

Use session Q&A

- 1. On the session detail page, click the "Q&A" button; on the next page, view the existing questions, vote on the questions you are interested in, or click "Ask a Question" to ask a new one.
- 2. On the conference main page, click the "Session Q&A" button; find the session you want to ask questions in and click on it.
- 3. Speakers will respond to questions following their session.
- 4. Questions asked in the Q&A will remain for 6 months after the conference has ended to allow you to see answers to your questions.
